

Technical Specification Data

Equitrac Express 4.0.3 SOFTWARE SUITE

Equitrac Express Software Suite	Applications
Equitrac Express Suite	Any size network with single or multiple accounting and/or print servers
Equitrac Express Small Campus Edition (SCE)	Small and medium size schools or libraries with single print server

Equitrac Express Features	Standard ¹	Optional
Document Output Tracking		
Print tracking for all printer types (using Windows Print Drivers)	✓	
Utilization tracking: Devices, Users, Departments	✓	
Secure Document Release	✓	
Follow-You™ document release across print servers	✓ ⁴	
Device manufacturer embedded interfaces		✓
Per minute and per page for fax costing through embedded interfaces		✓
Copy tracking with PageCounter terminals and embedded interfaces	✓	
Support for NetWare® print servers	✓	
Support for UNIX® print servers	✓	
Simplified installation with Windows® printer conversion wizard	✓	
Macintosh® support with Windows and NetWare print servers	✓	
Offline terminal data collection	✓	
Client Tools		
Support for unattended push client installations	✓	
Workstation Client		
Client Billing print popup for Windows & Macintosh		✓ ³
Client Billing print popup for iPrint (Novell NetWare NDPS only)		✓ ³
Client Billing opt-out on a per printer basis		✓ ³
Equitrac messaging service for print error notifications		✓ ³
Desktop print tracking		✓ ³
LPTx, USB, Direct IP print tracking		✓ ³
On-line authentications (internal, native OS or LDAP)		✓ ³
Document cost preview		✓ ³
Send To print distribution		✓ ³
Cost override and reset job cost for distributed printing		✓ ³
Print Assistant		
On-line authentication (internal, native OS or LDAP)		✓ ³
Document cost preview		✓ ³
Display account balance		✓ ³
Release Key for personal job queuing and anonymous user support		✓ ³
Rename job		✓ ³

Equitrac Express Features (continued)	Standard¹	Optional
Enterprise Solutions		
Multiple and heterogeneous print server support		✓ ⁴
Terminal Services compatibility	✓	
Rules-based print job handling and routing	✓	
Reporting Uplink License for aggregate enterprise reporting	✓ ⁴	
Windows 2000 & 2003 cluster support		✓ ⁴
Virtual server support	✓ ⁵	
Management Tools		
Accounts Management		
Users, departments & billing code administration	✓	
Color quota account limits	✓	
Minimum account balance limits	✓	
Remote accounts management	✓	
Automatic account creation	✓	
Native OS and LDAP authentication	✓	
Account synchronization with Active Directory	✓	
Account synchronization with NDS eDirectory	✓	
Cashier application	✓	
Account deposit through Deposit Station with value card readers		✓
Account deposit with Pay Station Deposit Center		✓
Personal account statement	✓	
Department manager security role	✓	
Web-enabled PIN reset	✓	
Certified with Blackboard transaction system		✓ ⁴
Certified with CBord Odyssey PCS		✓ ⁴
Release Station workstation application		✓
Reporting		
Summary, detailed & total activity reports by user, department, billing	✓	
Account listings	✓	
Personalized and standard templates for report	✓	
Report preview	✓	
Report export for offline analysis	✓	
Print by page or full report	✓	
Remote report access	✓	
Report distribution capability	✓	
Report event scheduling	✓	
Queued document status reports	✓	
Device fault status reports	✓ ⁴	

Equitrac Express Features (continued)	Standard¹	Optional
System & Configuration and Pricing Management		
User-, department-, or client-based charging	✓	
Pricing by page & print attributes	✓	
Comprehensive price list configuration	✓	
Account-based discounts / surcharges	✓	
Time- and day-of-week-based discounts / surcharges	✓	
Dual Pricing for tracking two charging streams	✓	
Flexible decimal support (up to 5 decimals)	✓	
Intelligent defaults for configuration	✓	
Device logical grouping capability for configuration	✓	
Remote configuration management	✓	
Event Scheduling	✓	
System diagnostics	✓	
Add Equitrac Printer Port wizard	✓	
Automatic printer model detection	✓	
Print Queue Viewer	✓	
EQCmd - command line tool	✓	
Device Monitoring		
Device fault tracking	✓ ⁴	
Detailed properties	✓ ⁴	
Historical status reporting	✓ ⁴	
Automatic job routing	✓ ⁴	
Terminals		
PageCounter local cache for offline copy control	✓	
PageCounter account declining balance	✓	
PageCounter job cost viewing	✓	
Automated PageCounter configuration	✓	
Numeric and alpha-numeric login and PIN support	✓	
Legacy XCP & PageControl Station terminal support	✓	
Magnetic stripe, Mifare, Legic, HID card support	✓	
Campus Card system support	✓	
PIN reset at PageCounter	✓	
User account balance preview through PageCounter	✓	
Declining balance review through PageCounter	✓	
One-step device access	✓	

Equitrac Express Features (continued)	Standard¹	Optional
User Interface		
English, French, Italian, German, and Spanish language support	✓	
Customizable notification messages	✓	
Enhanced Print Assistant user interface	✓	
Customizable Release Station user interface	✓	
Filtering and search capabilities and administrative console	✓	
Low account balance warnings	✓	
Account balance access in workstation tooltray	✓	
Display transactions as pages or currency	✓	

Equitrac Express SYSTEM REQUIREMENTS

Management Tools	Software Platforms	Recommended Hardware Platforms⁷
System Manager Accounts Manager Department Manager Reports Manager Release Station Device Monitoring Console	<ul style="list-style-type: none"> • Windows Server 2003 R2 (x86, x64)⁸ • Windows Server 2003 • Windows 2000 Server • Windows XP Professional • Windows 2000 Professional • Windows Vista Business/Enterprise/Ultimate (x86, x64)⁸ 	Intel Pentium III or AMD Athlon CPU 512 MB of system memory 50 MB of application disk space 1024x768 display resolution

Notes

- Standard and optional features apply to both Equitrac Express 4.0.3 Suite and SCE, unless otherwise noted. SCE is limited to scalability for some optional features. Consult your account representative for details.
- Users/Site Network Administrators are responsible for securing Microsoft Client Access Licenses (CAL) as required.
- SCE is pre-bundled with 10 workstation clients and 10 sets of Print Assistant.
- Feature not available for SCE.
- Equitrac Express is fully supported on all hardware platforms compatible with Windows Server 2003 and Windows 2000 Server. The use of Express under virtualization environments such as Virtual Server or VMWare is

generally supported and is fully expected to work correctly, as long as such environments fully support the server operating system (e.g. Windows Server 2003), as Equitrac Express does not make any assumptions about the underlying hardware platform. Consult your account representative for details.

- Supported with LPR and CUPS.
- This column indicates minimum hardware requirements only; high printing volumes and/or large installations may require substantially higher performance hardware.
- x86 refers to 32-bit architecture; x64 refers to 64-bit architecture (IA64 chip set is not supported).
