Notes

1. Copier Interface port requires a separate copier interface cable appropriate for each copier brand and model.
2. Copiers and Multi-Function Printers need appropriate foreign interface harness installed for connection of the copier cable – contact your copier or MFP vendor for more details.
3. Copier interface can detect color vs. B&W as well as paper size based on that capability being present on the particular copier or MFP model - contact your copier or MFP vendor for more details.
4. Selection of one of the mounting options is mandatory.
